

MOHAMED ABD-ELMOTAGLY MOHAMED

Qena , Egypt , +201030337733 , Mohamed.Abdelmotagly7@gmail.com.

To secure a challenging position as a Project Control Engineer, where I can utilize my strong analytical and organizational skills to effectively manage and control project activities. I aim to contribute to the successful execution of projects by implementing efficient project controls, monitoring progress, analyzing data, and providing insights to support decision-making. With a strong attention to detail and a solid understanding of project management principles and tools, my objective is to streamline processes, optimize resource allocation, and ensure project deliverables are achieved within defined timelines and budgets. I am eager to work collaboratively with cross-functional teams and leverage my strong communication and problem-solving abilities to drive project success. Overall, my goal is to contribute to the growth and success of the organization by delivering high-quality projects on time and within budget.
